

PreCollege

PreCollege offers on-campus and online intensive 4-week academic programs for high school students 16-18 years old. The program is designed to introduce students to the fundamentals in 2D, 3D, 4D and drawing, and to explore the majors through in-depth immersions. Students study with Ringling faculty to develop as artists and to strengthen their portfolios for college admissions and scholarships. Students that complete the program successfully are awarded 3 elective college credits. The program concludes with awards in first year tuition to select students that excel academically and demonstrate outstanding student leadership initiative. Started in 1991, PreCollege is entering its 32nd year. View PreCollege info at www.ringling.edu/precollege.
