

Studio Transfer Credit

Students who have taken studio art courses at another regionally-accredited institution of higher education may have those courses and a portfolio reviewed by the department head or Academic Affairs designee to determine if the credits can apply to the degree requirements for the Bachelor of Fine Arts or Bachelor of Arts degrees. Requests for studio transfer credit must be supported by a sufficient number of portfolio submissions that demonstrate the competencies associated with those required by the majors. Studio Transfer Competencies typically include skills such as: Drawing, Life Drawing, Computer Art, 2D Design, 3D Design and 4D Design (Time base media), Photography, Color Theory.

Permission to take courses at other colleges during the summer is granted through the Office of Advising, Records, and Registration Services. Students must meet with their Academic Advisor who will consider all aspects of the student's request, including the quality and level of the proposed course and its role in the student's program of study before completing a Transient Student form. Courses intended to fulfill major requirements must also be approved by the department head.

Students entering with an Associate of Arts or Bachelor of Arts degree from a regionally accredited college or university will be considered to have met the liberal arts requirements for the Bachelor of Fine Arts degree or Bachelor of Arts degree. Students entering with an Associate of Science or Bachelor of Science degree from a regionally-accredited college or university will have their liberal arts credits evaluated to determine if they fulfill the distribution requirements for the B.F.A. degree or the B.A. degree. Additional course work may be required.
