

# Admission to Advanced Standing by Portfolio Review

A portfolio of work is internally reviewed by the department head or designee for advanced standing in the student's selected program of study. The portfolio must demonstrate mastery of skills and sufficient knowledge of content in the college level course for which placement is being sought. Students demonstrating competence beyond that required for entrance may be exempted from one or more college-level courses in the subject or subjects covered by the portfolio review, provided that such demonstration of competence is confirmed by further successful study in residence in the same field. Credit is not awarded for advanced standing and students will be expected to complete a minimum of 120 credit hours for graduation. Transfer credit is granted only when the coursework is externally validated through a regionally accredited institution of higher education with a C or better or through programs such as IB and AP.
